

OCCUPATIONAL ENDORSEMENTS

Occupational endorsements are designed to help build an Alaskan workforce by enabling students to develop industry-specific knowledge and skill sets in a relatively short amount of time. These endorsements are under 30 credit hours and will be posted to student transcripts upon completion as approved by the academic department and an application to graduate has been received at the Registrar's Office. The credit hours may be applied (where applicable) to degree programs. **Resident credit requirement** for Occupational Endorsement Certificates is **30% of the program**.

Occupational Endorsements Available:

- Welding Technology (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/welding-oe>)
- Accountant (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/accountant-oe>)
- Alaska Salmon Enhancement (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/fisheries-technology-oe>)
- Building Energy Retrofit Technician (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/building-energy-retrofit-technician-oe>)
- Certified Nurse Aide Training (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/certified-nurse-aide-training-oe>)
- Diesel/Heavy Duty and Diesel/Marine Technology (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/power-technology-oe>)
- Financial Institutions (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/financial-institutions-oe>)
- Fisheries Management (<http://catalog.uas.alaska.edu/certificate-degree-programs/occupational-endorsements/fisheries-technology-oe>)
