

INFORMATION SYSTEMS MINOR

The Information Systems Minor provides students with the opportunity to study information systems in a variety of contexts. It includes 3 to 6 credits of coursework from outside of a traditional information systems program to allow the student to explore information systems within a context relevant to the student's major or areas of interest.

Requirement	Hours
Minimum Credit Hours	18

Code	Title	Credits
Select one of the following:		3
CIS S105	Computer Literacy	3
CIS S170	Programming Fundamentals	3
CIS S235	Spreadsheet Concepts and Applications	3

Code	Title	Credits
Select 9-12 credits of the following:		9-12
