

WELCOME TO UAS

The University of Alaska Southeast (UAS) is a student-centered university that provides instruction in liberal arts, professional, and technical fields. On the homelands of the Tlingit, Haida, and Tsimshian peoples, we serve the coastal environments, cultures, economies, and communities of Alaska, through interdisciplinary education, workforce development, and scholarship, research, and creative activity. Our goal is helping you succeed in achieving your educational and career goals.

UAS acknowledges with respect the Tlingit, Haida, and Tsimshian peoples whose historical relationships with the land continue to this day. In this context, UAS is committed to the ongoing work of decolonizing our community both on our campuses and in the broader region.
